## **PRESSURE WASHERS - Diesel Pressure Washers**

Our pressure washers provide a deluxe, heavy-duty, direct coupled engine and high pressure pump combination that is hard to beat! No belts, sheaves or other exposed human-eating parts. Diesel America pressure washers do the big jobs safely. Only the best components are used in construction. For example, the rugged SF-series cat pump, L-series Yanmar diesel, tig welded marine grade aluminium frames and other first class assemblies provide our customers with the finest equipment possible.
