DPTN-3M15 SELF-PRIMING CENTRIFUGAL PUMP

This LOADSTAR self priming pump package is built to stand the test of time! The package features a rugged trash pump paired with a liquid cooled Yanmar industrial engine. The aluminum rail isolator system will minimize vibration and be virtually maintenance free, and no paint to touch up! This is a great pump for agricultural service, shellfish farm, or emergency dewatering where the hours of run time may pile up!

SPECIAL FEATURES:

- Diesel Powered Self Priming Pump Package
- Low Oil Pressure Shutdown
- High Water Temperature Shutdown
- Auto Start Capability
- Push to Start/ Stop
- Glow Plug Timer
- Double Bearing Stub Shaft Coupling For Superior Side Load Protection.
- Pedestal Bearing Assembly Directly Mounted To Pump Assembly
- Belt Driven pump for ease of maintenance.

ENGINE:

- Yanmar TN Series Liquid Cooled 4 Cycle Engine
- Two Cylinder, Direct Injected, Naturally Aspirated System
- Unit Mounted Air Filter, Enclosed Paper Element Type
- Large oil pan for extended service intervals
- Electric Start with PLC push button
- Engine Mounted Expansion Silencer
- Exhaust Deflector and rain protection (flapper)
- Variable Speed Throttle & Governor

PUMP:

- Max GPM Approx 330-340
- TDH Head (Discharge Pressures) 145 Feet
- Max Suction Lift Approx 26 Feet
- Max Solids Handling Approx .625"
- Self Priming Centrifugal Pump
- Cast Iron Housing & Volute (stainless steel)
- Severe Service 316 Stainless Steel Impeller Shaft
- Long Life Silicon Carbide Shaft Seal
- Built In Check Valve
- 3"x 3" NPT Suction & Discharge Connections
- Stainless Steel Drive Shaft Sleeve
- Suction Strainer Included
- Stainless Steel Fasteners With Ny-Loc Nuts
- Resilient Isolators Attached For Vibration Control
- Stainless steel pump housing and internal parts available.
