DPL48-PP PERISTALTIC PUMP

LOADSTAR by DA West's heavy service, self priming, peristaltic pumps feature highest quality available. As superstars in the pump world, these pumps are assembled using the finest components available. The Yanmar "LV" series diesel, a popular and proven lightweight 4-cycle air cooled engine, is coupled to the robust Peristaltic pump.

Together these units combine to make a serious high performance diesel specialty pump that provides the user with easy starting, reliable service, excellent fuel economy, with engine and pump life many times greater than gasoline powered units!

SPECIAL FEATURES:

- Tig welded, Aluminum, 6061-T6 extrusion, or 304 stainless roll cage frame
- Variable speed governor allowing pump speed to match the job
- Quick release stainless steel housing clamp for fast, easy cleanouts
- Long life oil-resistant heavy service rated internal parts with built-in check valve
- Easy recoil starting with auto compression release and self fuel bleed
